MEMORIUM

William (Junior) Roberson

We would like to dedicate this page in memory of Junior Roberson, a fellow C.C.T.I. student and good friend to all. Junior met with a tragic accident in the summer of 1969, but he will long be remembered by everyone who knew him. Junior came to C.C.T.I. from Pittsboro. He was a first year student last year in Drafting and Design and was a key member on last year's basketball team. It is very definite that Junior will be missed.

Government

The Student Government Association works under the supervision of the C.C.T.I. administration and serves as the organ of the students in their relations with the officials of the Institute. All legislative, executive, and judicial authority, insofar as student affairs are concerned, is the responsibility of the student government. The student government members are elected in school-wide elections by each curriculum class. Elections are usually held the first week in October. The student government also plans all special activities, dances, movies, and lectures.
